WATERPROOF LEATHER

### Atlantis

Showcases pronounced grain on premium European hides, with a soft hand and silky matte finish, delivering both luxury and resilience.

**Shown:** Atlantis Nero

*Available from our Italian warehouse only.*

### Bombay

Features a consistent pebbled grain and matte finish. Crafted from smaller water buffalo hides, this economical leather delivers exceptional durability with minimal maintenance.

**Shown:** Bombay Cordovan

### Bull

A thick, supple, semi-aniline leather with a large, pebbled grain and subtle sheen. Its depth and texture make it perfect for everyday use, offering both durability and tactile appeal.

**Shown:** Bull Bisque

### Carrera

An automotive-grade leather engineered for high technical performance. Its smooth grain and matte finish lend a refined, modern look that adapts seamlessly to any environment. Structured yet smooth to the touch, it balances understated elegance with lasting resilience.

**Shown:** Carrera Abete

*Available from our Italian warehouse only.*

### Cowboy

This rich, smooth leather with an ultra-glossy sheen offers the same allure as a wax pull-up but doesn't act like one. The color of Cowboy will lighten ever so slightly when the leather is upholstered, making it an ideal leather for those who don't want too much pull up effect.

**Shown:** Cowboy Niagara

### Dublin

A light, natural grain leather achieved through a specialized milling process that reveals the leather's inherent texture. With a soft, supple hand and subtle tipping, it offers beautiful sheen and depth of color.

**Shown:** Dublin Jeans

### Madras

An attractive, enhanced grain leather with a durable, matte finish that offers ideal light fastness, stain protection and a soft hand. Madras is suitable for general contract and marine applications. It blends functionality with elegance.

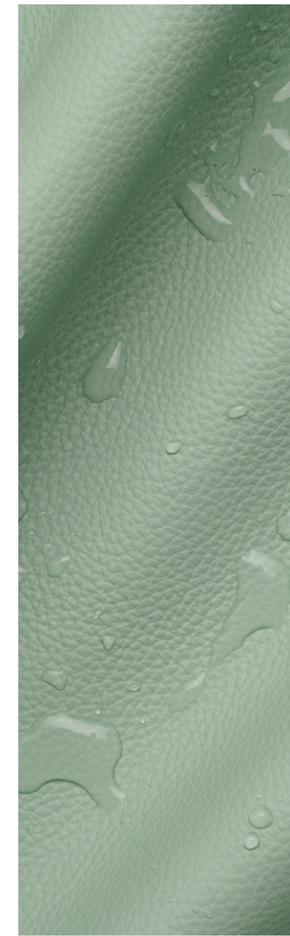

**Shown:** Madras Nude

### Meridian

A high-performance leather with a smooth, fine grain and durable matte finish, making it ideal for high-traffic areas without compromising on style.

**Shown:** Meridian Avio

### Preston

Exudes understated elegance with a soft, slightly waxy touch. This natural raised grain leather features a matte finish and a timeless aesthetic, available in a versatile range of colors.

**Shown:** Preston Maldive

### Rio

A soft and silky, pearlized leather inspired by the vibrant colors of Brazil. Its rich, sensual palette adds flair and depth to any interior space.

**Shown:** Rio Silver Lining

### Santiago

Combines a fine-grain print with a matte finish for a natural look and above-average yield. Remarkably soft and exceptionally smooth, it is perfect for everyday use.

**Shown:** Santiago Pecan

### Verona

A medium-grain automotive leather born from years of collaboration with our top supplier and automotive brand. Durable enough for steering wheels or interior seating, it withstands the demands of everyday use while maintaining a good compromise of softness, being of automotive structure.

**Shown:** Verona Cobalt
